

Automotive Black SUV Rubber Grommet

KINGTOM is a major manufacturer and supplier of rubber products in China. Black SUV Rubber Grommet with oil resistance, acid and alkali resistance, cold and heat resistance, aging resistance and other properties, can be directly cut into various shapes of sealing gaskets, widely used in medicine, electronics, chemical, antistatic, flame retardant, food and other industries.

KINGTOM is a major manufacturer and supplier of rubber products in China. **Black SUV Rubber Grommet** with oil resistance, acid and alkali resistance, cold and heat resistance, aging resistance and other properties, can be directly cut into various shapes of sealing gaskets, widely used in medicine, electronics, chemical, antistatic, flame retardant, food and other industries.

Product Parameter of the Automotive Black SUV Rubber Grommet:

- ① Product name: **Automotive Black SUV Rubber Grommet**
- ② Material: EPDM NBR Silicon or Can Custom
- ③ Logo: Can Custom
- ④ Size: Can Custom
- ⑤ Can Custom: Black or custom
- ⑥ Application: Automotive
- ⑦ Certifications: IATF16949 ,ISO14001:2015,ROHS,CMC, etc
- ⑧ Delivery: 30 -50days after sample confirmation
- ⑨ Sample: 25-30 days
- ⑩ Payment: 30% deposit, 70% payment before shipment
- ⑪ Package: PE bags, Cartons,Pallet
- ⑫ Payment Terms: T/T,L/C and so on.
- ⑬ Shipment Way: Vessel,Air,Express etc.

Product Feature AND Application of the Automotive Black SUV Rubber Grommet:

Black SUV rubber grommet material usually NBR(nitrile rubber),SBR(styrene-butadiene rubber),HNBR(hydrogenated nitrile rubber),EPDM(EPDM),SILICONE(SILICONE),VITON(fluorine rubber), CR(chloroprene rubber),FFKM(perfluorinated rubber) and so on.

The material selection of rubber gasket NBR nitrile rubber is the most common, the highest cost performance.

FFKM perfluorinated rubber gaskets are generally used in more sophisticated fields,such as space rockets.Because its price is quite expensive, but its performance is excellent, can exceed many metal materials.
